## PX4ie – Repair Services

For Best-In-Class Service

With Honeywell Repair Services, it's easy to get the level of repair coverage and protection that makes the most sense for your business. And our repair services are now available in over 70 countries with global pricing and global standards of quality.

Choose from one of our new cost-effective Repair Service contract programs – Complete, Plus or Basic – to get the right amount of coverage and protection you need for your durable, rugged and ultra-rugged products. And for equipment not covered by a contract service plan, you can choose from our Non-Contract Repair Service offerings, which include flat-rate repairs, time-and-materials repairs and more.

Ensure business continuity, workflow performance and protection of your technology investments with Honeywell Repair Services.

### Gold Edge Services

Protect your technology investment! With Honeywell's 3 and 5 year Gold comprehensive repair services plan, you won't incur any additional costs beyond the plan enrollment for service on covered devices and eligible accessories included with equipment sent to the depot for service. Eligible accessories include damaged styluses, battery-door covers, screen protectors, hand straps and clips.

## PXie – Printing Options

See below the different printing options available:

### Tear Off

Most commonly used, print any number of labels and simply tear the labels off from the printer at the end of the print job.

**Media Path**

### Peel and Present

Peels the label from the liner as it is printed and presents the label to the user one a time. Printing is halted after each label until the user remove the label. Requires Rewinder, Peel Off + Label Taken Sensor (LTS) option.

### Fan Fold

The media is stacked outside the rear of the PXie, or the bottom access slot.

**Feeding Media Through the Upper Slot**

**Feeding Media Through the Lower Slot**

### Cutter

A cutter can be added to any configuration of PXie, simply cutting between labels, or at intervals on continuous media.
